

## **Brampton Primary School.** **Nursery Topic Information.**

*Dear Parents,*

*We have just completed our first half term in nursery and we are delighted at how well the children have settled into a new routine.*

*May we congratulate both children and parents for the enthusiastic beginning to their nursery year.*

The children have really enjoyed our colour topic and have covered a wide range of learning experiences. Thank you to all parents for the support in finding and collecting coloured items and dressing the children each Friday. We have had a lot of fun.

*The colour topic is going to continue for the next four weeks. Please could you find the time to read the weekly information, as it will keep you informed to what your child is discussing at nursery.*

*On Fridays we will continue to dress up in the colour of the week.*

### **BLUE WEEK** **NOV 2<sup>nd</sup> - 6th**

We will be...

- Discussing bonfire night and the colours of fireworks.
- Making a bonfire ice-cream cake.
- Bubble printing.
- Counting and recognising numerals 1 - 5
- Carrying out a science experiment with blue yoghurt.

This topic information has only outlined a few of the tasks to be carried out from our detailed weekly planning.
